These dues include membership for one designated individual, such as the airport manager. Additional individuals, such as Airport Board members or other employees may be added for \$100 each. Only paid members of WAOA will receive member rates at WAOA conferences. If desired, a "blank" membership may be purchased for \$100. This would be especially beneficial to corporations or organizations that send multiple individuals to WAOA conferences. Each airport, regardless of its total number of individual members, receives one vote on WAOA matters. Organizations will be allotted as many listings in the membership directory as paid memberships.
